

SmartHOTEL.nl
The smart way in Online Distribution

**“Don’t let anything stop you from growing.
Start connecting.”**

We make sure you don’t miss out on opportunities to expand your hotel chain. The SmartCONNECT for PMS enables your chain to grow without forcing new hotels to change their PMS.

SmartHOTEL specializes in Oracle integrations. With main focus on integrated distribution solutions to Oracle MyFidelio CRS, Opera and Suite 8 PMS systems and is the technology provider behind the **Micros Channel Manager**.

Our experienced team of hospitality professionals and smartdevelopers are going all the way in solving the distribution challenges of over 2000+ hotel partners.

SmartCONNECT for PMS

It is a time and money consuming procedure to change a PMS infrastructure. This can cause missed opportunities for hotel chains who are looking to expand their hotel portfolio. That is why SmartHOTEL developed the SmartCONNECT for PMS. With the SmartCONNECT for PMS, hotel chains that use the OPERA Room Reservation System can now easily on board any franchise hotel that uses a different Property Management System.

SmartCONNECT.
for PMS

- **SIMPLY CONNECT**

Connecting individual hotels with any 3rd party PMS to a chains’ OPERA ORS.

- **COMPLETE DISTRIBUTION**

Two-way integration enables all ORS functionalities while using your current PMS.

- **SERVICE AS A SPECIALTY**

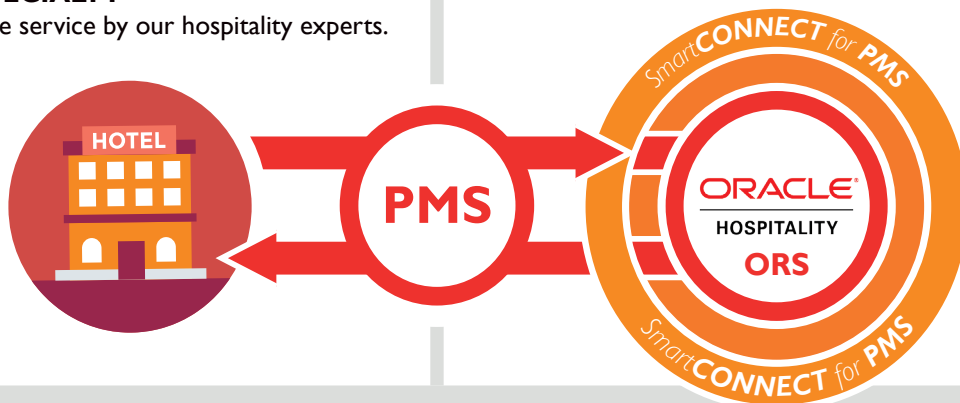

We offer unlimited free service by our hospitality experts.

ORACLE®

Validated Integration

Oracle Hospitality

The SmartCONNECT for PMS allows 3rd party PMS systems to gather a 2-way integration with OPERA ORS. This means hotel chains that use Opera ORS can easily expand their business with (franchise) hotels that use any PMS other than Opera PMS.
