knowledge they need to protect their organizations and themselves against fraud and cyber-crime. In response, the publishers of White-Collar Crime Fighter and Cyber-Crime Fighter have partnered with one of the country's foremost employee training firms to develop the first Web-based fraud and cyber-crime awareness course for hotels, restaurants, resorts and casinos.

Leading fraud and cyber-crime experts who have supported us in developing the course content include prominent hospitality security and loss prevention professionals... leading fraud and cyber-crime investigators... directors of computer forensics units and more.

The result: The first high-quality, authoritative course of its kind.

Purpose of the course: To give all managers, supervisors and frontline employees the knowledge to strengthen the property's defense against internal and external fraud. To do so by offering a comprehensive and engaging Web-based training program that gives everyone in every department the tools to detect and take action against fraud of all kinds.

Limited time opportunity: **Because of the high interest in *FraudAware/Hospitality*, we are currently offering a limited number of FREE Pilot Demonstrations for groups up to 20 employees.**
