## **CALLTEK STRENGTHENS GLOBAL HOSPITALITY TECHNOLOGY EXPANSION THROUGH STRATEGIC PARTNERSHIP WITH GAIN ADVISORS**

CallTek, a leading managed technology services provider for the hospitality industry, today announced a strategic partnership with GAIN Advisors to support the company's continued global expansion and strengthen strategic relationships across the hospitality technology ecosystem.

With expertise in managed IT, network infrastructure, hardware deployment, and on-property technology support, CallTek continues to expand its hospitality technology capabilities across international markets.

Through this partnership, GAIN Advisors will support CallTek's leadership team in identifying strategic growth opportunities, executive relationships, and commercial partnerships across the global hospitality industry.

"As hospitality technology continues to evolve, strategic relationships are critical to scaling effectively," said Joshua Bergen. "GAIN Advisors brings valuable industry expertise and global connections that align with our long-term growth vision and commitment to operational excellence."

"CallTek has built something genuinely rare in this industry: a managed services platform with the operational depth, global infrastructure, and service culture to support hospitality technology at real scale," said Michael C. Cohen. "We look forward to helping accelerate what they have already built." The partnership is effective immediately.

## ABOUT GAIN

GAIN Advisors is a global hospitality and travel innovation advisory firm that connects technology companies, investment groups, and hospitality operators through strategic advisory services, executive-level relationships, and commercial growth initiatives across North America, Europe, the Middle East, and Asia Pacific.
